

# Charge an iPod with an Onion

Written By: Nathan

## PARTS:

- [Onion \(1\)](#)
- [Gatorade or Powerade \(1\)](#)
- [iPod \(1\)](#)
- [iPod USB charger \(1\)](#)

## SUMMARY

Use electrolytes to charge your iPod.

### Step 1 — Find an onion.

- Purchase a medium-sized onion.

### Step 2 — Soak in the Gatorade.

- Punch 2 holes in the onion. Then pour two cups of Gatorade or Powerade and soak the onion in it for 30 minutes.

### Step 3 — Charge the iPod.

- After 30 minutes take it out and dry it off. Then plug the end of the USB cable into the onion. It will take a minute for it to work.

Fun project and you learn and get music from it.
